READ ME FIRST

THANK YOU

Thank you for choosing The Match Book. Everything you need to plan, play and review a whole season is in this download.

WHAT'S INCLUDED

- ☐ **The Match Book journal** — 131-page hyperlinked PDF for GoodNotes, Notability and other PDF apps, or for printing
- ☐ **Stats tracker spreadsheet** — Excel file that also opens in Google Sheets and Apple Numbers
- ☐ **This guide** — Setup steps and answers to common questions

i. GoodNotes

Open the Etsy download on your iPad, tap the PDF, choose Share, then GoodNotes, then Import as New Document.

ii. Notability

Tap the PDF, choose Share, then Notability. Turn off any option that flattens the file so the links keep working.

iii. Other apps

Noteshelf, Xodo, Samsung Notes and most PDF apps work the same way: import the file as a new notebook.

iv. Printing

Print at home on US Letter or A4 with “fit to page”. Thick paper or card stock gives the best finish.

USING THE LINKS

Tap the tabs on the right edge to jump between sections. Each match has Before and After buttons, and the tennis ball in the top corner of every page returns to the index. In GoodNotes, switch to read-only mode (the pen icon) if a tap draws instead of following a link.

THE STATS TRACKER

i. Google Sheets

Upload the .xlsx file to Google Drive, open it, then choose File, then Save as Google Sheets.

ii. Excel & Numbers

Open the file directly. Everything works in Microsoft Excel and Apple Numbers.

iii. Start Here tab

Read the first tab. Cream cells are yours to fill in; beige cells calculate by themselves.

iv. Sample matches

Sixteen sample matches show how the dashboard looks. Clear the cream cells in those rows before you begin.

A SEASON IN FOUR HABITS

- ◯ Fill in the Match Plan before every match
- ◯ Complete the Match Review within an hour of finishing
- ◯ Add the numbers to the stats tracker the same day
- ◯ Turn one “what to change” into next week’s practice focus
