### HOW TO USE

*Number your players 1, 2, 3… Each round, the pairs in that row play. Everyone meets everyone once. With an odd number of players, whoever is drawn against the missing highest number rests that round (for 7 players, anyone drawn against 8 has a bye).*

**SUGGESTED RULES**

*You may challenge anyone up to three places above you. Matches are played within seven days of the challenge. If the challenger wins, they take the defender's place and everyone in between moves down one. If the defender wins, the ladder stays the same.*
